## Vonda Library News

Winter 2021

### What is going on at the library?

*Your library IS open regular hours, Due to covid regulations we still can't have anyone in the Branch BUT you can call with questions, to place holds and to book a curbside pick-up time. We still have a lot going on (see new services and programs below)!*

## New Programs and Services offered at Your Library!

**-Surprise Book Bags-** For all ages. Your librarian picks out a selection of surprise books from our local branch FOR YOU (CDs, movies and audio-books can be asked for as well), based on any preferences you would like to provide; hopefully surprising you with something new that you really like!

- 1) Contact your librarian during business hours
- 2) Your librarian does the work of picking out and gathering material
- 3) You come and grab the books using curbside pick-up

Material can be returned, any day of the week and at any time, using the book drop box on the outside of the building.

**-Take Home Craft Kits FOR KIDS-** Provide your librarian with your library card number & how many children in your home will participate. A craft kit of the month, paired with a book will be prepared for you to pick up. All kits come with a book, supplies and instructions.  
*Upcoming Pickup Dates for the crafting kits - February 19th & March 19th*
